### General Assembly of the Presbyterian Church

#### IN SESSION IN NEW YORK CITY.

One Hundred and First Annual Meeting. Two and a Half Million People Represented—Proceedings of Other Religious Gatherings.

New York, May 17.—The general assembly of the Presbyterian church in the United States opened its session with prayer in the Rev. Dr. Howard Crosby's church on Fourth avenue. The edifice was crowded. Altogether there were 490 delegates representing twenty-eight synods, or state districts, of the Presbyterian church. These synods are divided into 210 presbyteries, representing 6,500 churches with 700,000 communicants and a total population of 2,500,000. This year's assembly is the 101st.

It is probable that in accordance with a custom that has existed one hundred years ago, in Washington's time, an address will be presented and sent to President Harrison upon the state of the country. At the opening session the retiring moderator, Rev. C. L. Thompson, D.D., preached a sermon.

A public reception will be tendered the delegates at the Metropolitan opera house by the Presbyterian union of New York this evening. Many public meetings will be held during the continuance of the convention in the various Presbyterian churches. Among the speakers will be Hon. George S. Graham, B. C. Atterbury, M. D., of Pekin, China, and Col. E. P. Shoup.

At the opening session Charles A. Dickson, of Philadelphia, Dr. Roberts, of Chicago, and Dr. John M. Worrall, of New York, were placed in nomination of moderator, and Dr. Roberts was elected. On taking the oath he expressed his sense of the honor conferred.

Rev. Howard Crosby then presented the report of the committee on arrangements, which provides for two business sessions daily, and gatherings without transaction of business in the evenings.

Presbyteries at Chattanooga. CHATTANOOGA, Tenn., May 17.—The general assembly of the Presbyterian church, met in its twenty-eighth annual session in this city yesterday at 11 o'clock. After an opening session by the retiring moderator, Rev. Dr. H. L. Beck, of Washington, D. C., the assembly proceeded to permanent organization. Rev. Dr. J. G. Hill, of North Carolina; Rev. G. D. Armstrong, of Norfolk, Va.; and Rev. J. G. Woodrow, of Columbia, S. C., were put in nomination for moderator. Objection was raised by Mr. James Lyon, of Maryland, to Dr. Woodrow, because of his belief in the evolution theory of the origin of the race, charging him with insubordination and failure to submit to the action of the last general assembly. In support of this charge he read several editorials and extracts from Dr. Woodrow's paper, criticizing the action of the last assembly.

At the conclusion of Mr. Lyon's talk Dr. Woodrow arose, trembling with emotion and excitement, and said: "I pronounce that statement what I consider a lie. Mr. Lyon leaped to his feet and began to emphasize what he said before, when the moderator interfered and called him to order and quiet was restored. The assembly then adjourned until 3 o'clock.

Upon reassembling, Mr. Woodrow arose and in a brief address, in which he declared his loyalty to the Presbyterian church, denying the charge of insubordination, and claiming that he had submitted to one part of the decision of the general assembly, maintained that he had a right as an individual to hold his opinion and would do so. He then withdrew also withdrawing. Dr. J. G. Hill was elected moderator viva voce. Rev. Dr. West, of Mississippi, and Rev. R. E. Caldwell, of Kentucky, were elected clerks. By invitation Rev. W. F. Crafts addressed the assembly on "The Sabbath and Home Observance."

The subject of foreign missions was set for special order for next Tuesday night. Last night the assembly listened to an address from Rev. Dr. Witherston on "New Orleans of the Seminary's School." After which the assembly adjourned for the day.

It is believed that the matter with regard to Dr. Woodrow will not be brought up again during the sitting of the assembly. The question of the unification of the two assemblies will probably come up Monday and is looked forward to with great interest.

United Brethren. YORK, Pa., May 17.—The morning session of the United Brethren's conference was presided over by Bishop Dickson. After the reading of several committee reports, the following message, to be forwarded to President Harrison, was adopted and referred to committee on correspondence:

To Benjamin Harris a Washington, D. C. Ma. President—The general conference of the church of the United Brethren in Christ, now in session in this city, and Christian greeting to you and yours. The 130 members of the conference come to you, not as applicants for office, which we do not want and could not accept, but as sincere petitioners to God for your continued welfare, hoping that He will make your administration of public affairs the wisest and purest; that the nation has ever enjoyed.

C. J. B. BRANE, S. MILLS, L. W. STAHL. Resolutions were also adopted, extending greeting to the general assembly of the Presbyterian church and de-

#### RAILROAD SMASHUP.

Eight Men Seriously Injured in a Collision Near Pittsburg. PITTSBURGH, May 17.—Early yesterday morning a passenger train on the Pittsburg, Virginia and Charleston railroad, while going at a high rate of speed, collided with a gravel train standing on the main track, near Ormsby station.

At 6:45 o'clock in the morning, Conductor David Morris of the gravel train ordered his crew to run the train to an excavation in the hillside near Ormsby station, where a number of laborers were at work. Just as the gravel train rounded the curve above the station a freight train heavily loaded with iron ore crashed into it. Several cars were smashed to splinters.

Eight persons, all employees of the road, were injured. Conductor Morris received a gash in his head and a severe bruise on his hip. John Peter, laborer, aged 47, married, fatally injured; both legs broken, side crushed in and otherwise badly bruised. John Uherst, laborer, aged 40, married, died badly cut, skull fractured, very seriously injured.

John Spawder, aged 46, laborer, back broken; otherwise injured. Thomas Hackett, laborer, arms broken and face cut.

Mr. Maloney, laborer, shoulder and arm broken, side injured. Mike Beardon, leg mangled. Another man, name not learned, had his arm broken.

Several other laborers received less severe injuries.

#### THE OLD, OLD STORY.

A Cincinnati Woman Resorts to Pistol in a Love Affair.

LOUISVILLE, Ky., May 17.—A sensational shooting in which love played a prominent part, took place yesterday afternoon. Miss Mary Woodbury, a Sunday-school teacher from Cincinnati, shot and severely wounded Henry Menke, also of Cincinnati.

It was the old story. Miss Woodbury had been paying attention to Miss Westbury, and they were engaged to be married. Menke seemed to tire of his love, and tried to break off the match. The lady would not consent to Menke then disappeared, coming to this city.

Last Monday Miss Woodbury followed him, and yesterday afternoon met him on West Walnut street. They talked earnestly a while, then Miss Woodbury suddenly pulled a pistol and sent a bullet into his anatomy. Menke is not seriously hurt. He lived at 115 Poplar street, Cincinnati. Miss Woodbury was arrested, and said she intended to kill herself.

#### Attempt to Wreck a Train.

GREENFIELD, Mass., May 17.—An attempt was made last night to wreck the westbound passenger train near Shelburne Falls, which place it leaves at 10:32 o'clock. The trackwalker found a pile of sleepers on the track at a sharp curve. When he attempted to remove them he was vigorously stoned. He ran to Shelburne Falls, secured assistance and cleared the track before the arrival of the train. Had the obstruction remained a smashup, probably attended by loss of life, would have resulted.

#### Oil Cists Works Damaged.

TRENTON, N. J., May 17.—The Trenton oil cist works were partially burned this morning, entailing a loss of \$20,000, partly covered by insurance. The works were the largest of the kind in the east.

## The German Miners.

### A Prospect That They Will Soon Resume Work.

#### THE TROUBLE COMPROMISED.

Emperor William's Interference Had a Great Deal to Do Towards Effecting the Settlement—Queen Victoria to Visit Ireland—Other Foreign News.

Berlin, May 17.—Efforts to arrive at a compromise in the miners strike are proceeding so satisfactorily that it is thought probable a general resumption of work will take place by Tuesday. The emperor, in an address to a delegation of employers, said that the main point seemed to him to be to bring the strikes to an end, leaving the questions at issue to be settled while peace and order prevailed and while production was proceeding.

He had spoken plainly to the workmen on the subject, warning them to hold aloof from socialist intrigues. "Telegrams from Westphalia," he added, "announce that my words have been favorably received. The healthy, patriotic feeling manifested by the workmen's delegation inspires me with confidence that they will do all possible to bring their comrades back to work as soon as possible. I have urged the mining companies to maintain henceforth as close touch as possible with their workmen. I am anxious that the dispute be brought to a favorable issue."

The emperor also evinced a very kind disposition toward the workmen, and said he hoped the companies would consider their welfare.

After the audience, a conference was held between delegates of the miners, and Herr Hammerstein, member of the Reichstag, who represented the mine owners. The result was a provisional agreement on a basis of eight hours work per day, exclusive of the time occupied in descending and ascending pits; the abolition of compulsory overtime; and an increase of wages according to local circumstances. The delegates of the miners' collieries have convened a meeting for Saturday to consider the proposed settlement.

Hundreds of the striking miners at Essen have been sworn in as special police at their own request in order to keep their fellow workmen from rioting, and thus spoiling their hopes of the mine-owners' concession. Many of the miners of Dortmund resumed work yesterday without opposition from the strikers. The owners are now treating with the men, and the strike will probably soon be settled.

#### SEVEN HUNDRED HOUSES

Destroyed at Quebec, Canada, Making Numerous Twelve Hundred Families. QUEBEC, May 17.—Fire broke out early yesterday morning in St. Saviour, in the house of Mrs. McCann, on Vaucluse street. The flames spread with great rapidity through the wooden district.

While the military were preparing to blow up some houses to check the spread of the flames a premature explosion took place in one of the houses, killing Maj. Short and Sergt. Wallick, of Battery B. Both were buried in the ruins.

At 4:30 p. m. the fire had burned itself out, reaching the limits of St. Saviour. The district north and west of the burning house, which was a portion of Vaucluse street, about 700 houses were burned. As many of them were tenements, the number of families homeless is not less than 1,200, comprising 5,000 or 6,000 persons. Hon. Mr. Mercer and other prominent men are interesting themselves in behalf of the homeless people. Application has been made to Sir A. P. Caron for the use of a drill shed as a temporary government lodging place for the homeless. The clergy are distributing food, and steps are being taken to organize a regular system of relief. The majority of the people burned out are of the laboring class, and as insurance rates were very high, few have anything to fall back upon.

St. Saviour is a separate municipality from Quebec, but is separated from this city by only the width of a street. It has a population of about 6,000. Only Wednesday night the St. Saviour officials refused an offer of this city to supply them with water.

The total loss by the fire is estimated at \$400,000. The insurance is \$130,000, the largest losses being Guardian, \$12,500; Agriculture, of Watertown, N. Y., \$15,000; North British and Mercantile, \$12,000; Glasgow and London, \$20,000. If the wind had been from any other quarter all St. Saviour's might have gone. As it was St. Saviour is badly swept up to its farthest end.

It was generally supposed that Sergeant Wallick died immediately after being taken from the ruins, but it has been learned that he is still alive in the marine hospital. He is very seriously injured and is not likely to recover.

The Dominion government, having been appealed to, has placed the new armory and the old court house at the disposal of the victims of the fire. Treasurer Mercer and several other gentlemen have visited the scene and supplied the poorer people with food.

#### Shipwrecked Sailors.

PORTLAND, Ore., May 17.—The steamship Columbia, from San Francisco, brings the captain, mate and eleven of the crew of the Oregon Navigation company's large side-wheel iron steamer Alaskan, which left here May 11 for San Francisco, and was wrecked in a gale May 13. Five of the crew are reported to have been drowned. Two boats containing members of the crew have not yet been heard from. She was to have been docked at San Francisco for repairs.

PITTSBURGH, May 17.—H. J. Cook has been arrested in London, Ohio, for robbing the Portersville Savings bank in Mercer county, Pa., of \$2,000, two weeks ago. He confessed and implicated others in the robbery.

## LOVE, WEALTH AND BEAUTY.

Jacob L. Doty, American Consul to Tahiti, to Wed a Rich Princess.

WASHINGTON, May 16.—About a year ago President Cleveland transferred Jacob L. Doty from the consulate at Bermuda to that of Tahiti, Society islands, and congratulations are in order. Mr. Doty is to marry a beautiful and charming inhabitant of Papeete, the object of his affection being no less a personage than Princess Polonoa of Tahiti.

The princess is a beautiful and accomplished lady, about 18 years of age, and a most perfect blonde. She is the daughter of Lord and Lady D'Arcy, her mother, Lady D'Arcy, being a native Tahitian princess, and her father an English nobleman of distinguished ancestry. Princess Polonoa has had all the advantages of a continental education in France and Germany, also in England.

She is the possessor of immense wealth, being in her own right the largest property owner on the islands, with vast coconut plantations and pearl fisheries valued at millions of dollars, and further receives a large annuity from France under treaty stipulation.

As may be naturally supposed the princess has not lacked many suitors for her fair hand, all of whom, including the Earl of Dudley, she has persistently refused. Consul Doty is but 32 years of age, of superior ability, and has worked his own way to position and fame. As a boy he was a page in the United States senate, where he won the good opinions of senators generally, especially of Senator Bayard. This fact undoubtedly was very influential with Bayard in appointing L. Doty, an ardent Republican, to Tahiti.

Mr. Doty comes from a distinguished family. His father, now deceased, was a prominent citizen of Brooklyn. His mother, Mrs. A. L. Doty, is now living in this city. Mrs. Doty was the granddaughter of Lord Melbourne, and her English antecedents were relatives of Charles Lamb, the Melbourns, Wallaces, and other families of note in Great Britain.

#### Expelled Nihilists.

LONDON, May 17.—It is again rumored that the queen will visit Ireland and remain there a week with the hope of creating a reaction in favor of the government by her royal presence. The same report says that she will hold a drawing room at Dublin castle, and review the Irish troops at Curragh of Kildare. The Curragh of Kildare is a tract of crown land where reviews yearly take place, and where messes are rung. The queen's presence in Ireland will undoubtedly give an impetus to loyal Toryism there, and Irishmen generally are of the opinion that a little royal interest shown in the sufferings of the queen's subjects would effect more good than a drawing room at the castle, at which only the aristocrats will be represented.

#### Expelled Nihilists.

LONDON, May 17.—The remainder of the Nihilists who have been expelled from Zurich on account of being suspected of plotting against the czar, will leave immediately after being released from arrest, and take up their abode in England and France. Denmark, one of the suspects, is still in the hospital at Zurich. He denies that the bombs which were found were intended for the czar.

#### Preparing to Meet Our Minister.

LONDON, May 17.—Preparations are making to receive Mr. Robert T. Lincoln, the new American minister to England. Mr. Lincoln will be taken ashore by his friends and a reception and banquet will follow.

#### Strikes Elsewhere.

PITTSBURGH, May 17.—Between former strikes at the Solar iron mills, the present difficulty at the Duquesne works, in which the firm of Clark & Company are largely interested, their experience has not been altogether pleasant. Yesterday morning the management were very much surprised at the unexpected absence of 200 of their employees. The only men at work were eighty-eight colored puddlers, and it needs but a word to draw them out also.

After eight months outside of the union, the men expressed a wish to re-enter the Amalgamated association ranks. Meetings were held from time to time at which President Weiss of the Amalgamated association was present. The strikers were readmitted to the association yesterday.

Said one of the strikers: "Preparations for this step have been in progress for two months. We want more wages. That is our only object in coming out. What we want is right and that is all we expect to get."

#### Pattern Makers Adopt Eight Hours.

PITTSBURGH, Pa., May 17.—At the convention of the Pattern Makers' League of North America in session in this city, yesterday, resolutions were adopted, endorsing the eight hour question. It was agreed to hereafter abolish all piece work. This decision has been embodied in the league's constitution and will go into effect as soon as subordinate lodges endorse the measure. Last night the delegates were banqueted by the local lodges.

#### Fears of a Riot.

DOVER, N. H., May 17.—When work was recommenced on the water works this spring, Almon Smith, who did the shoaling in the Fourth street Italian riot here last June, was given charge. The works are a mile from the city.
